GU CONVERTIBLE COLLAR

03/09

Option B

Brick masonry or precast concrete grade rings @ 25" I.D.

BIG 5

Advantages of GU Convertible Collar

- The GU Convertible Collar allows the frame and cover to accurately conform to grade surface and camber
- No infiltration between grade rings with GU Lip Seal Gasket
- Effortless incremental adjustment
- No coring, cutting or grinding necessary
- Fast and easy installation

Overall height of GU Convertible Collar is 10 or 18 inches with an adjustable effective height ± 4 or ± 8 inches
